President Werner A. Baum

June 26, 1968

F. Don James, Acting President

Just a note, Werner, to attach to the enclosed Faculty Senate Bill #190, Total Disability Benefits Program.

After this bill came in, I brought up the matter with the Council of Presidents, which had met only once by that time and did not assume weekly meetings until January, when Larry Dennis came to the chancellor's office full-time. The matter was then referred to the business managers for study to get the financial background necessary if we were to present to the Board of Trustees a request for total disability benefits. I have raised the question several times, but the matter is evidently still under study by the business managers. Accordingly, I have not taken any action on this bill.

You may want to discuss the bill with Professor Walter C. Mueller, who is chairman of the Faculty Welfare Committee which submitted this to the Faculty Senate.
